Maybe even better than free.

When you use file, you avoid storing the file you're sending in your cloud storage or mail server. No account or credit card is required to get started. Yourwallet will be none-the-lighter! Just so we're all 100% clear here: When you share a file, data is being transferred between your computer or phone and ourservers, then from our servers to your friends device. So try our free and simple filehosting service now. Why pay storage fees for a file that you just wanted tosend to a friend or colleague? Also, many team chat apps have limits to the size of files that can be transferred within their apps. You can give this downloadlink to your friends by mail or instant messenger. Alternatively you can choose to share your download links on blogs, forums and social networking sites. Filestransferred the old-fashioned way tend to pile up and be forgotten about, eventually costing you money in data storage fees. Unfortunately, we can't make thatpart free. If only we could, we surely would! On the other hand, using file can actually save you money. It is also allowed to link to the download page fromwebsites and communities. Any file in any format can be uploaded and downloaded for free. This is easy, fast and reliable filehosting! You don't need any kindof premium-accounts. There are no restrictions on the number of times a file can be downloaded. Simply upload your file and share the link. Just upload the fileyou want to share with your friends and we send you a download link to your file. The cost of that data transfer is covered by your internet service or the dataplan on your phone. Keep your files private, or send your download links only to friends or family. filehosting provides an easy possibility for you to send largefiles to your friends. File is free to use with no gotchas and no hidden fees. Using file, you can circumvent those limits without paying to upgrade your teamchat service. We have no file size limit. Our service is completely free for everyone. You can upload any type of file (movies, music, documents, images, zipfiles and more). You decide who you want to share your files with. Files can be downloaded from any computer from our high speed servers. You don't needany special software installed to be able to download your files.
