File is free to use with no gotchas and no hidden fees. Any file in any format can be uploaded and downloaded for free. This is easy, fast and reliablefilehosting! You don't need any kind of premium-accounts. No account or credit card is required to get started. We have no file size limit. It is also allowed tolink to the download page from websites and communities. Why pay storage fees for a file that you just wanted to send to a friend or colleague? Also, manyteam chat apps have limits to the size of files that can be transferred within their apps. You decide who you want to share your files with. Alternatively you canchoose to share your download links on blogs, forums and social networking sites. Simply upload your file and share the link. filehosting provides an easypossibility for you to send large files to your friends. When you use file, you avoid storing the file you're sending in your cloud storage or mail server. There areno restrictions on the number of times a file can be downloaded. Our service is completely free for everyone. Your wallet will be none-the-lighter! Just so we'reall 100% clear here: When you share a file, data is being transferred between your computer or phone and our servers, then from our servers to your friendsdevice. Keep your files private, or send your download links only to friends or family. The cost of that data transfer is covered by your internet service or thedata plan on your phone. So try our free and simple filehosting service now. You can give this download link to your friends by mail or instant messenger. Filescan be downloaded from any computer from our high speed servers. Just upload the file you want to share with your friends and we send you a download linkto your file. You can upload any type of file (movies, music, documents, images, zip files and more). Unfortunately, we can't make that part free. If only wecould, we surely would! On the other hand, using file can actually save you money. Files transferred the old-fashioned way tend to pile up and be forgot
