Maybe even better than free.

Simply upload your file and share the link. filehosting provides an easy possibility for you to send large files to your friends. Alternatively you can choose to share your download links on blogs, forums and social networking sites. So try our free and simple filehosting service now. File is free to use with no gotchas and no hidden fees. Files transferred the old-fashioned way tend to pile up and be forgotten about, eventually costing you money in data storage fees. When you use file, you avoid storing the file you're sending in your cloud storage or mail server. Just upload the file you want to share with your friends and we send youa download link to your file. Our service is completely free for everyone. Your wallet will be none-the-lighter! Just so we're all 100% clear here: When youshare a file, data is being transferred between your computer or phone and our servers, then from our servers to your friends device. The cost of that datatransfer is covered by your internet service or the data plan on your phone. Files can be downloaded from any computer from our high speed servers. If only wecould, we surely would! On the other hand, using file can actually save you money. Why pay storage fees for a file that you just wanted to send to a friend orcolleague? Also, many team chat apps have limits to the size of files that can be transferred within their apps. There are no restrictions on the number of times afile can be downloaded. Keep your files private, or send your download links only to friends or family. No account or credit card is required to get started. Youdon't need any special software installed to be able to download your files. You can upload any type of file (movies, music, documents, images, zip files andmore). Any file in any format can be uploaded and downloaded for free. Unfortunately, we can't make that part free. You decide who you want to share yourfiles with. You can give this download link to your friends by mail or instant messenger. It is also allowed to link to the download page from websites andcommunities. This is easy, fast and reliable filehosting! You don't need any kind of premium-accounts. We have no file size limit. Using file, you cancircumvent those limits without paying to upgrade your team chat service.
