Simply upload your file and share the link. Any file in any format can be uploaded and downloaded for free. filehosting provides an easy possibility for you to send large files to your friends. Using file, you can circumvent those limits without paying to upgrade your team chat service. We have no file size limit. If only we could, we surely would! On the other hand, using file can actually save you money. Why pay storage fees for a file that you just wanted to send to a friendor colleague? Also, many team chat apps have limits to the size of files that can be transferred within their apps. Just upload the file you want to share with your friends and we send you a download link to your file. Our service is completely free for everyone. Files transferred the old-fashioned way tend to pile up and be forgotten about, eventually costing you money in data storage fees. You can upload any type of file (movies, music, documents, images, zip files and more). Itis also allowed to link to the download page from websites and communities. You can give this download link to your friends by mail or instant messenger. You don't need any special software installed to be able to download your files. Alternatively you can choose to share your download links on blogs, forumsand social networking sites. File is free to use with no gotchas and no hidden fees. So try our free and simple filehosting service now. There are no restrictionson the number of times a file can be downloaded. Files can be downloaded from any computer from our high speed servers. Your wallet will be none-the-lighter! Just so we're all 100% clear here: When you share a file, data is being transferred between your computer or phone and our servers, then from ourservers to your friends device. No account or credit card is required to get started. The cost of that data transfer is covered by your internet service or the dataplan on your phone. Keep your files private, or send your download links only to friends or family. When you use file, you avoid storing the
