Maybe even better than free.

Simply upload your file and share the link. Unfortunately, we can't make that part free. No account or credit card is required to get started. filehosting provides an easy possibility for you to send large files to your friends. File is free to use with no gotchas and no hidden fees. Files transferred the old-fashioned way tend to pile up and be forgotten about, eventually costing you money in data storage fees. Any file in any format can be uploaded and downloaded for free. The cost of that data transfer is covered by your internet service or the data plan on your phone. Files can be downloaded from any computer from our high speedservers. It is also allowed to link to the download page from websites and communities. Alternatively you can choose to share your download links on blogs,forums and social networking sites. You don't need any special software installed to be able to download your files. Why pay storage fees for a file that you justwanted to send to a friend or colleague? Also, many team chat apps have limits to the size of files that can be transferred within their apps. When you use file,you avoid storing the file you're sending in your cloud storage or mail server. Just upload the file you want to share with your friends and we send you adownload link to your file. This is easy, fast and reliable filehosting! You don't need any kind of premium-accounts. Your wallet will be none-the-lighter! Justso we're all 100% clear here: When you share a file, data is being transferred between your computer or phone and our servers, then from our servers to yourfriends device. There are no restrictions on the number of times a file can be downloaded. You decide who you want to share your files with. Our service iscompletely free for everyone. So try our free and simple filehosting service now. Keep your files private, or send your download links only to friends or family.You can upload any type of file (movies, music, documents, images, zip files and more). You can give this download link to your friends by mail or instantmessenger. If only we could, we surely would! On the other hand, using file can actually save you money. Using file, you can circumvent those limits withoutpaying to upgrade your team chat service. We have no file size limit.
