Maybe even better than free.

Just upload the file you want to share with your friends and we send you a download link to your file. You decide who you want to share your files with. Files transferred the old-fashioned way tend to pile up and be forgotten about, eventually costing you money in data storage fees. When you use file, you avoid storing the file you're sending in your cloud storage or mail server. Simply upload your file and share the link. You don't need any special software installed to be able to download your files. Why pay storage fees for a file that you just wanted to send to a friend or colleague? Also, many team chat apps have limits to the size of files that can be transferred within their apps. filehosting provides an easy possibility for you to send large files to your friends. File is free to usewith no gotchas and no hidden fees. There are no restrictions on the number of times a file can be downloaded. Any file in any format can be uploaded and downloaded for free. So try our free and simple filehosting service now. Your wallet will be none-the-lighter! Just so we're all 100% clear here: When youshare a file, data is being transferred between your computer or phone and our servers, then from our servers to your friends device. It is also allowed to link tothe download page from websites and communities. No account or credit card is required to get started. If only we could, we surely would! On the other hand,using file can actually save you money. You can upload any type of file (movies, music, documents, images, zip files and more). You can give this downloadlink to your friends by mail or instant messenger. Alternatively you can choose to share your download links on blogs, forums and social networking sites. Ourservice is completely free for everyone. Keep your files private, or send your download links only to friends or family. Using file, you can circumvent thoselimits without paying to upgrade your team chat service. Files can be downloaded from any computer from our high speed servers. Unfortunately, we can'tmake that part free. We have no file size limit. This is easy, fast and reliable filehosting! You don't need any kind of premium-accounts. The cost of that datatransfer is covered by your internet service or the data plan on your phone.
