This is easy, fast and reliable filehosting! You don't need any kind of premium-accounts. No account or credit card is required to get started. When you use file, you avoid storing the file you're sending in your cloud storage or mail server. Your wallet will be none-the-lighter! Just so we're all 100% clear here: When you share a file, data is being transferred between your computer or phone and our servers, then from our servers to your friends device. So try our free and simple filehosting service now. Any file in any format can be uploaded and downloaded for free. You don't need any special software installed to be able to download your files. File is free to use with no gotchas and no hidden fees. We have no file size limit. Alternatively you can choose to share your download links onblogs, forums and social networking sites. You can give this download link to your friends by mail or instant messenger. You can upload any type of file(movies, music, documents, images, zip files and more). Using file, you can circumvent those limits without paying to upgrade your team chat service. Keepyour files private, or send your download links only to friends or family. Files can be downloaded from any computer from our high speed servers. If only wecould, we surely would! On the other hand, using file can actually save you money. You decide who you want to share your files with. Why pay storage fees fora file that you just wanted to send to a friend or colleague? Also, many team chat apps have limits to the size of files that can be transferred within their apps.

Unfortunately, we can't make that part free. It is also allowed to link to the download page from websites and communities. There are no restrictions on the number of times a file can be downloaded. filehosting provides an easy possibility for you to send large files to your friends. Files transferred the old-fashioned way tend to pile up and be forgotten about, eventually costing you money in data storage fees. Simply upload your file and share the link. Th
